Author	François Freulon
Reviewed by	Jan Van Hees
Content of changes	Serial number prefix change for Septentrio OEM Boards
End Date	
For Distribution to	All OEM Boards customers
Product Affected	All OEM Boards variants
Supplier	<i>Septentrio</i>
Urgency	<i>URGENT</i>
Additional information	

Dear Customer,

Septentrio announces a slight change of the Serial number definition for its OEM Boards products. The serial number itself will stay unchanged, but the prefix will change from SN to FP.

This is a rolling change that will be implemented starting from May 15th2024.

For additional information on Septentrio products and latest firmware, please contact your local sales representative (sales@septentrio.com) or the Customer Support Portal at <https://www.septentrio.com/en/support>.

Best Regards
 François Freulon
 Head of Product Management

Serial number change for Septentrio OEM Boards

1 Reasons and explanation for the engineering change

1.1 Description:

For better traceability between serial numbers, the current prefix used for Septentrio OEM Boards will change from SN to FP.

There is no impact for the product itself and associated tools, only impact is on the products' label.

Current label with 'SN' prefix:

Future label starting May the 15th 2024 with 'FP' prefix:

1.2 Impacted products

Short Description
All AsteRx-m3 Boards
All AsteRx-i3 Boards

1.3 Validity

This is a rolling change that will be implemented starting from May 15th 2024.
